

Title: Pledge to Free Malicite

Author: Aleph Aeirs

---

I have chosen to stay  
out of the business of  
the Yew Town Council,  
trusting their judgement  
in the recent disturbances  
in the fair city of Yew.  
But, I have had enough,  
and as registered citizen  
of yew, I simply cannot  
abide by the current  
state of things.

Malicite has been in  
prison, awaiting his fate  
for far too long. He sits  
there, while individuals like  
Kail, Amalek and Will  
Ghostal are released from  
prison for acts and deeds  
that are similar in  
nature, and in some  
circumstances, worse!  
And we would send  
Malicite to his death for  
an act of Conscience?

Well, enough is enough!  
Malacite has served his  
time, and should be  
released from his  
imprisonment immediately,  
if not sooner! I petition  
Mayor Gargish Dragon to  
pardon this man, and let  
us get on with the  
business of bringing  
justice to our realm! Let  
us hold the real fiends  
responsible for this  
travesty of justice! I of  
course refer to the  
Order of the Ebon Skull.  
They sit in their  
wretched tower, among  
the buildings of their foul  
city, and laugh at us as  
we prepare to murder  
one of our own...and by

their design!

If there is one thing you  
do this day, make it  
clear to all on the Yew  
Town Council...Malicite  
should be freed!  
I welcome your  
comments...
